CONTENTS

03

Company Profile

The image shows several white rectangular blocks with business-related terms in blue capital letters. Visible terms include 'LUTION', 'ORTUNITIES', 'FINANC', 'COMPANY', 'PROMOTION', and 'VISION'. The blocks are arranged in a slightly overlapping, 3D perspective.

07

Service Offerings

The image shows a top-down view of a workspace. A laptop is open, with a hand pointing at the screen. To the right, a hand is writing on a notepad. In the center, a smartphone displays a bar chart. A calculator and a glass of water are also visible. The word 'PROJECT' is written in large, bold, black letters at the top left of the image.

13

Warehouse Network

The image shows the interior of a large, modern warehouse with a high, arched metal roof. The floor is concrete, and there are several stacks of goods, including boxes and pallets, in the center of the room. The lighting is bright and even.

18

Competitive Advantages

The image shows a close-up of chess pieces on a reflective surface. A black king piece is in the foreground, standing upright. Behind it, several white pieces are lying on their sides, suggesting a recent move or a checkmate. The background is blurred.

COMPANY PROFILE

Generation Delivery is a Canada- and Germany-based overseas warehousing enterprise specializing in comprehensive, one-stop supply chain solutions for cross-border e-commerce. The company's proprietary S2 System seamlessly integrates local warehouses, overseas warehouses, and Amazon fulfillment centers with third-party systems of leading e-commerce platforms, effectively addressing inventory shortages and overstock challenges. Generation Delivery operates Fortune 200-level professional warehouses equipped with temperature-controlled sprinkler systems, 24/7 surveillance, automated fire alarms, and electronic security systems, ensuring full-spectrum protection for stored goods.

OVERSEAS WAREHOUSING ENTERPRISE

Generation Delivery is a Canada- and Germany-based overseas warehousing enterprise dedicated to serving cross-border e-commerce sellers on international platforms. The company specializes in providing comprehensive, one-stop supply chain solutions tailored to the needs of global online retailers.

Affordable Dropshipping

Powered by our exclusive **S2 System**, directly integrated with sales platforms, we process **all FBA warehouse shipments and C2C parcel orders within one business day.**

Key Advantages:

- E-commerce-optimized pricing structure with simple, transparent rates and no hidden fees.
- Bulk shipping discounts available to all clients, regardless of order size.
- Guaranteed one-day order processing for FBA and direct-to-consumer shipments.

GENERATION

FBA Ocean & Delivery Services

Generation Delivery offers exclusively developed routes with cost-effective and expedited service options. We specialize in FCL (Full Container Load) and LCL (Less than Container Load) shipments, tailoring solutions to client-specific needs. Each project is managed by dedicated agents to ensure no cargo mixing and guaranteed customs clearance efficiency.

Key Features:

- Collaboration with Amazon-approved trucking partners
- End-to-end logistics options: ocean freight, air freight, multimodal transport, and express delivery to FBA warehouses.
- Customized service plans with real-time tracking and priority handling.

Overseas Warehousing Services

Generation Delivery provides **one-stop supply chain solutions** for cross-border e-commerce, including:

- **Procurement agency**
- **Product inspection**
- **Relabeling**
- **Inventory storage**
- **Order processing**
- **Shipment fulfillment**
- **Packaging materials supply**
- **Return processing**

We also offer tailored solutions to meet unique client requirements, ensuring flexibility and scalability for diverse business needs.

Return & Relabeling Services

Generation Delivery serves as your secondary operational hub beyond FBA warehouses, empowering Amazon sellers to resolve critical challenges like account suspensions, listing restrictions, and customer returns.

Comprehensive Solutions:

- **Return/Exchange Processing**
- **Relabeling & Repackaging**
- **Inventory Storage & Transshipment**
- **Amazon dropshipping**

We transform returned goods into revenue-generating assets, minimizing losses and reviving product value through streamlined remarketing channels.

OUR ADVANTAGES

30% Logistics Cost Reduction
3-11 Days Faster Delivery
Professional **Operations Management**
End-to-End System Integration
Efficient Return Solutions

OUR ADVANTAGES

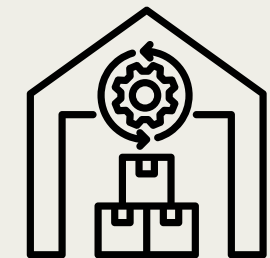

Lower Logistics Costs

Ship directly from overseas warehouses to customers, **reducing expenses by nearly 30%** compared to Amazon FBA, significantly lowering seller operational costs.

Faster Delivery Timelines

Bypass lengthy head haul transportation, customs clearance, and import procedures by leveraging local inventory. Enjoy **3-11-day delivery acceleration** with domestic-like shipping efficiency.

Expert Warehouse Management

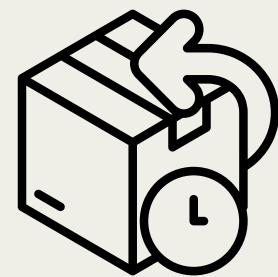

Eliminate inventory management headaches with **dedicated professionals** overseeing your goods. Our overseas teams ensure precision in storage, handling, and compliance.

OUR ADVANTAGES

Unified Overseas Warehouse System

A seamless platform integrating **product, order, inventory, and distribution management** with a user-friendly interface. Streamline operations through centralized, real-time control.

Streamlined Return Process

Direct customer returns to our overseas warehouses to **eliminate cross-border return logistics costs**. Automated relabeling, repackaging, and remarketing workflows minimize losses from abandoned inventory.
